

Sure-Grip International

Suggested maintenance program

Congratulations on your purchase of Sure-Grip skates. For over 75 years we have been manufacturing the finest quality roller skates in the world and we know you will enjoy these as all of our past customers have.

To ensure that you receive years of service from your skates we have enclosed a suggested skate maintenance schedule. By following this schedule it will enable you to maintain the full warranty given by us, the manufacture. Sure-Grip International warrants all of its retail products for ninety days (90) after retail purchase, against material defects and workmanship. Damage resulting from exposure to weather, poor adjustment, normal wear and tear, or misuse is not covered by this warranty. Your local skating center is available to discuss this warranty and make adjustments.

If there are any questions regarding the maintenance schedule please feel free to give us a call, one of our customer service representatives will be able to help you.

Check	Before each use	Every month 150 hours	Every 6 months 1000 hours	Every year 2000 hours	Every 2 years 4000 hours
